» ALWAYS ONE STEP AHEAD »

## Company

**Founded in 1990 as a partnership, Dr. Broll Schmitt Kaufmann & Partner, abbreviated BSKP, employs a highly motivated and efficient team of specialists and exceedingly qualified staff, personally committed to finding customized solutions for the benefit of our clients.**

Essentially, you are always one step ahead by choosing BSKP. Why? We offer profound knowledge in various fields of expertise as a fully comprehensive consultancy service.

Short decision-making processes guarantee quick action. Future orientated planning takes all risks and possibilities into account, including alternative strategies, as well as considerate tactics. In this connection, we attach great importance to keeping close and personal contact between client and consultant. Working with us provides you with the feeling and guarantee of having a trustful partner to rely on.

# Tax consultancy

No matter if you are a medium-sized company or a globally active corporation, a practice or a private person, tax influences all decisions in economics significantly. It is our aim and our responsibility to develop the best possible tax planning solution for you.

In addition to our classical tasks such as annual financial statements, financial and payroll accounting as well as preparing tax declarations, we offer you a fully comprehensive consultancy service also in complex issues with broad experience.

This includes investment decisions, expansion on home markets and abroad, restructuring and

reorganization, mergers and acquisitions as well as succession planning (estate and corporate). Also non-profit organizations, associations and foundations value our broad expertise.

We are offering a qualified and individual consultancy service; if necessary, we involve our specialist lawyers from their specific area of expertise.

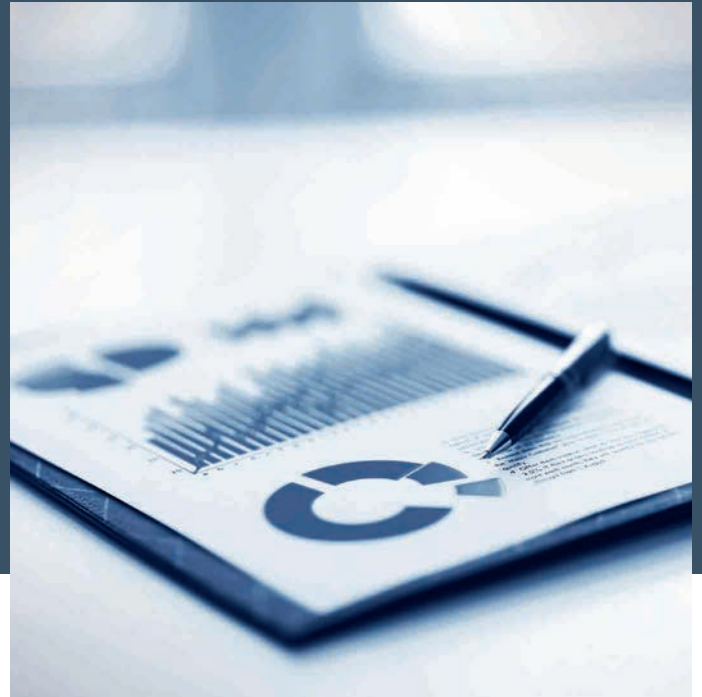

## Your benefits at a glance:

- Comprehensive expertise in all tax matters including complex issues
- Personal contact and individual counseling
- Comprehensive consultancy service as a “one-stop-shop” by means of including our specialist lawyers

Always one step ahead

Trust is not granted for free, but has to be gained by hard work, i. e. by means of competence, commitment and a client-oriented, individual counseling.

## Auditing

**Auditing is a statutory task in which specialist expertise and integrity play a vital role. These values are characteristic for all of our services.**

We carry out mandatory and voluntary audits for many companies, especially medium-sized companies, as well as for non-profit organizations and companies in the health-care sector.

Our portfolio of services is completed by a wide spectrum of audit-related services such as developing and accompanying internal audits or examining internal control systems (ICS).

In our audits, our expertise as well as our experience enable us to specify potential for improvements to increase the value of your company.

You can rely on the competence of our auditors also for the evaluation of companies or their shares, for example in the case of an inheritance, of corporate litigation or in cases of mergers and acquisitions.

With regard to all of these services, you benefit also from the close linkage between auditors, tax consultants and lawyers in our firm.

# Legal services

**Economic knowledge, as well as knowing and recognizing the circumstances for the specific industry, enable sound, legally secure consultancy services and fully comprehensive solutions. We offer you the foundation, so you can make the right decisions for yourself and for your company.**

By means of a comprehensive consultancy service, preparation of legally secure contracts and procedures, we support you in gaining more legal security and avoiding conflicts.

And if conflicts do occur, we enforce your rights and claims.

We provide you with legal advice and support you in all economically relevant legal areas.

The expertise of our lawyers is emphasized by a multitude of specialist qualifications.

Our lawyers cooperate closely with each other, our tax consultants and auditors to develop and implement the best interdisciplinary solutions possible.

We provide you with reliable answers.

## Your benefits at a glance:

- Comprehensive legal expertise in all economically relevant legal areas
- Emphasized by a multitude of specialist qualifications of our lawyers
- Close cooperation with our tax consultants and auditors
